Christian Brothers High School

Saint Joseph, Missouri

His Holiness Pope Pius XII.

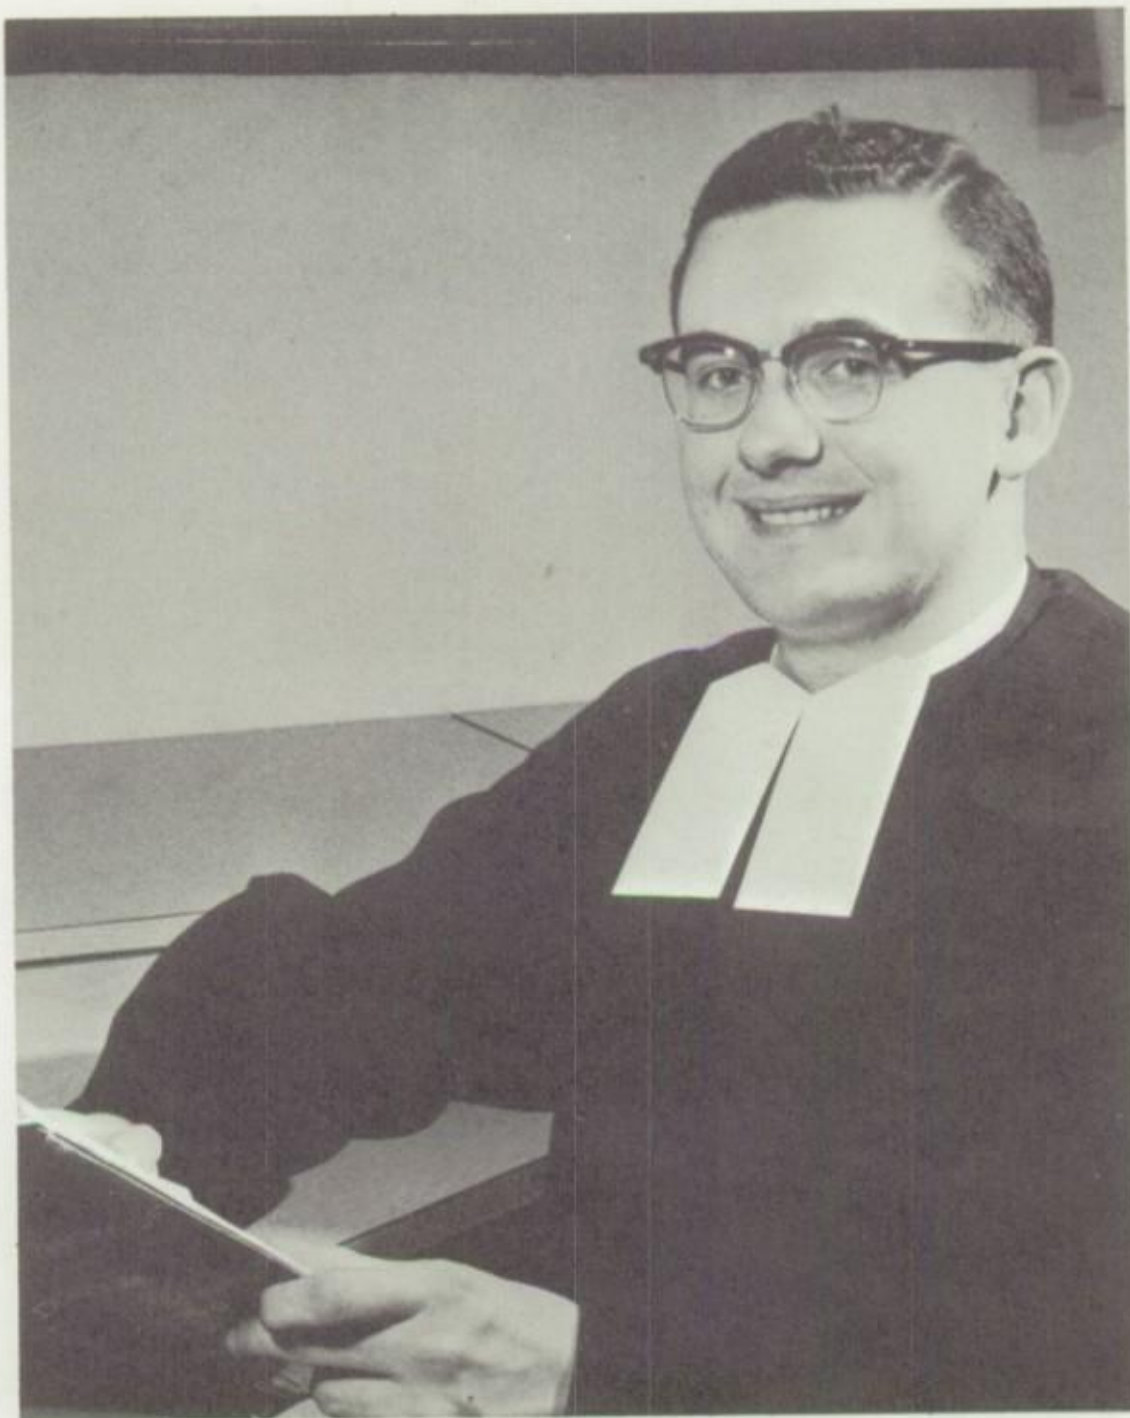

The Most Reverend John P. Cody,
Bishop of Kansas City-St. Joseph.

The Most Reverend Charles H. Leblond,
Titular Bishop of Orcistus.

DEDICATION

Brother L. Pius, F.S.C.

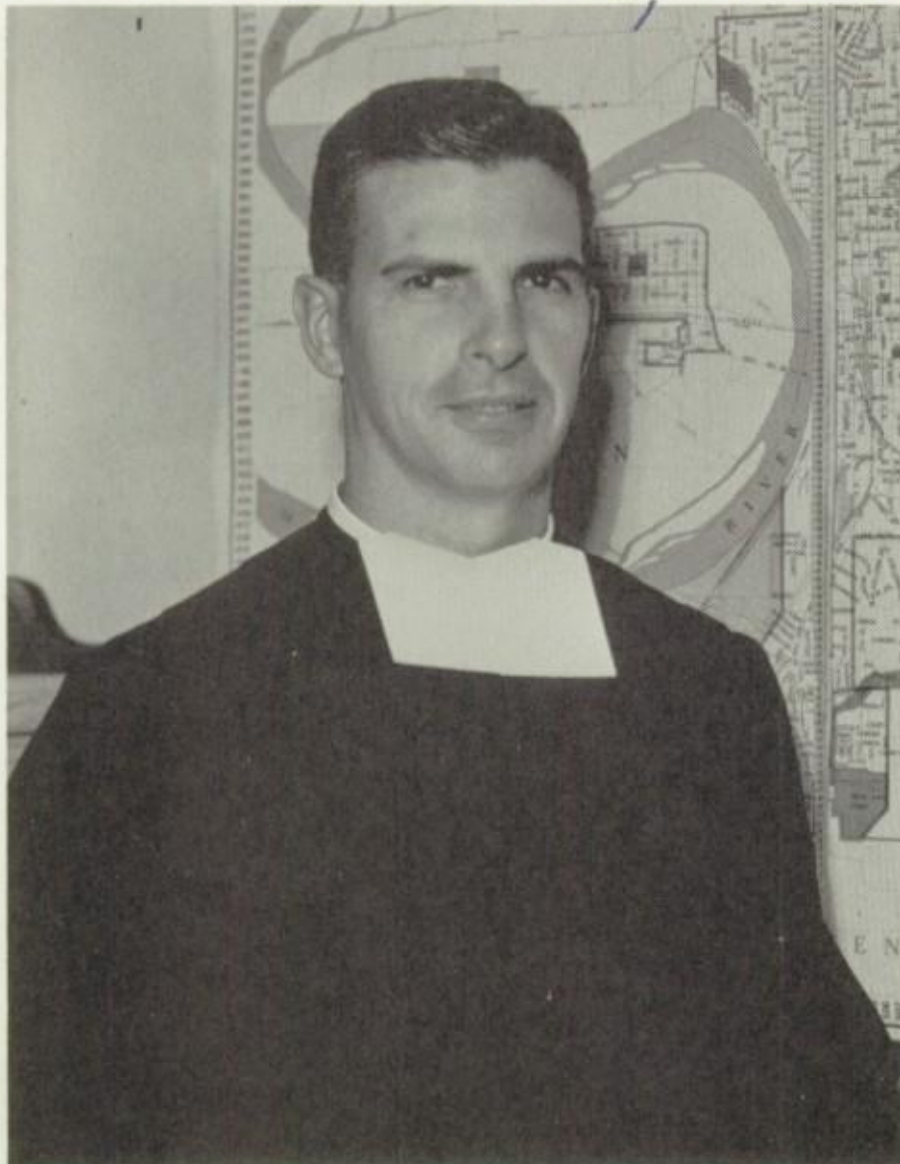

The Senior Class dedicates this yearbook to Brother L. Pius, F.S.C. During his years at Christian Brothers, Brother Pius was the advisor to every member of the Class of 1958 at one time or another. By exhortation but more so by example Brother Pius was a great encouragement to us all. In everything he undertook he endeavored to do his best, guiding us to do the same. In his Religion lessons Brother Pius inspired us to see our fellow men, our country and the world from God's point of view. Brother gave us insights into the problems we would face in our life and how we were to master them. But above all Brother Pius taught us to know, love and serve God.

Whether in the classroom or out Brother Pius was a source of strength for all. His cheerful, lively disposition made him approachable by anyone. His interest in us and all we did was genuine. Though at times it was necessary for him to correct us, he did so with great patience and consummate skill.

We know Brother Pius will continue to do his best for the Christian Education of youth and to bring young men to a fuller understanding of the Christian way of life. We the Senior Class of Christian Brothers are grateful to him for his generous assistance to us in our high school years. May God through His Most Holy Mother Mary bless him in all the years to come.

Brother L. Martin, F.S.C.

ADMINISTRATION

BROTHER L. MARTIN, F.S.C., B.S., M.A.
PRINCIPAL
Patroness Club, Quarterback Club.

Dear Members of the Class of 1958:

Congratulations upon your successful completion of the four year course here at Christian Brothers!

You have labored hard these past few years at developing yourself spiritually, mentally, and physically. You should now be what we, Brothers, look upon as our finished product --a spiritually vigorous Catholic who precisely because of his Catholic principles, makes the better citizen, attached to his country and loyally submissive to constituted authority in every legitimate enterprise of government, and who has an awareness of the essential worthwhileness of every human person, created by God after His own image and likeness. We sincerely hope that you have become young men who are patriotically ready for any self-sacrifice necessary to promote the common good of the whole American people.

Men of C.B.'s Class of 1958, please don't disappoint us. Our hopes are high, our suppliant prayers for your success are many and fervent. May Our Lord in His great goodness and Mary, His most blessed Mother, in Her bountiful mercy, supply what may be necessary that you attain these our great expectations.

God bless you and may we all become His for time eternal!

"A boy's brother, the Christian Brother." This standard description of Christian Brothers fits Brother Justin perfectly. Born and raised in St. Joseph and having spent many of his teaching years here, Brother Justin thoroughly knows our city, our school, and its students. A boy's interest and problems are Brother Justin's for such is his genuine concern for everything connected with Christian Brothers. A willingness to help coupled with understanding and kindness are outstanding qualities of Brother Justin. He has helped us, guided us and formed us in more ways than we know. But this we do know. One of the blessings of our high school days is to have been closely associated with Brother Justin.

Brother Justin

BROTHER JOEL, F.S.C., B.S.S., M.A.
SENIOR ADVISOR
Religion IV, Bookkeeping
Business Law, Salesmanship
Sociology, Economic Problems
Athletic Director

The ready smile, the quick retort, such is Brother Joel. In his work as Athletic Director, Brother Joel has become well acquainted with all the students of Christian Brothers. The sacrifices he makes in that position have won for him the esteem of the student body. But what has deepened that respect is Brother's work in the classroom. As a teacher Brother Joel demands the best from his students because he requires the same of himself. He is firm, yet just and kind. Qualities such as these have left their impression on us and we know we are better men for having been under the direction of Brother Joel.

CLASS OF 1958

CLASS OFFICERS

One of the problems confronting a Senior Class at the outset of its final year, is the selection of Class Officers. Men of quality are needed for the good of the class as well as for the school in general. The requirements to hold office are high. Men of good character possessing qualities of leadership are what the men of the Senior Class want their officers to have.

The Senior Class was privileged to have just such men ready to take up the leadership of the Class of '58. Some of these men have held their positions in the past years. All have culminated their years at Christian Brothers by bringing their class and their school through a successful year.

Central scores again.

May, 1958

To CB's most loyal fans,

It had been raining all afternoon and as we went through our pre-game warm-ups the rain continued to fall in a steady downpour. The prospects of playing sixty minutes of football on a rain soaked field were not too inviting. Then someone said, "Look, there's the Pep Squad." There you were indeed, down in Atchison, in spite of the rain for our first football game. At that point the outlook for the evening looked much brighter. It's always good to know that there's someone in the stands rootin' for you.

After that first game you went home practically soaked to the skin. Since then you've been with us in all types of weather. You froze while watching some of the football games and sweated in a close packed gym. But what is far more important, you were behind us not just in victory, but in defeat as well. Though the score was at times lop-sided against us you cheered just as loudly as ever and came back for the next game to cheer again. With support like that who wouldn't put out the extra bit of determination and energy to make you proud of us and our school.

But your presence at the games is really only half the story. To execute cheers as superbly as you do requires practice. Most of us haven't the faintest idea just how much time and effort you put into your preparation for our ball games. That you willingly sacrificed your time for the benefit of our school and our teams is something for which we are sincerely grateful.

One of your cheers proclaims that "we've got the bestest team in the land." We do! And we've got more. Because for loyalty, sportmanship, fine performance and sheer beauty who can match the Cheerleaders and Pep Squad of the Convent.

Sincerely yours,
The SENIOR CLASS
of 1958.

Queen Anne addresses the Pep Assembly.

Dear C. B. Boys,
Thank you for the most wonderful weekend of my life. I think I'm the luckiest girl in St. Joseph. Since I don't date any one C.B. boy, being Queen means more to me. Talking at the Pep Rally scared me half to death, but once I got started I guess you thought I would never sit down. The only thing about homecoming that could have been better was the final score of the game. Still it was an exciting one, and we gave them a battle. I love my trophy. It is beautiful! The dance was loads of fun. I just wish it could have lasted and lasted and lasted.
To have been any football queen is a great honor, but to have been C.B.'s is even greater.
Thank you again.

Sincerely yours,

Anne Lingle

Dear George,
I can remember
a year ago when I was
organizing your graduation
but the mood wasn't
as gay. I guess that was
what an unlucky day, no?
But just to cheer up you
that day I can remember
a lot of real wonderful
times we have had
together. Remember the
night at Aunt Betty's?
I suppose everyone had
a lot of fun but I did
especially because you
were there. I can remember
the day at the swimming
pool. Really the reason I
wouldn't drown was be-
cause there were too many
people in the pool. I
I take that back - I
was in the pool and no
one else should have been
because he is such a
wonderful person. Maybe
you will teach me how
to swim - O.K.? I will always
remember the many dances
we have gone to and Oh!
what fun! I the Christmas
dances was a pretty special
one. The new band about
about being around about
but that was what made
it interesting. Another
thing that will be out
out in my many
memories was the
